

In this Art-Peace called “Hanukkah” we will be discovering how to literally calculate the speed of light with “the word of G-D.” We will start at the bottom & read our way toward the top. The first word we will be covering is the word ירחם meaning mercy. Its the deepest kind of mercy, the kind of mercy you would have upon a child to adopt them & bring them into your home & raise them as if they were your own children. It has a numerical value of 258 & there are some different words hidden inside of this word. The word רחם means womb which is the internal chamber in which a woman we’re to develop a unique child of her own. Then the word ירח means moon.

Next to this word are two dreidels one on each side. The total numerical value of all the letters on the dreidels is 358 which is the same numerical value for the word Moshiach. Now when you add these numerical values together 258+358 it equals 616. Now let’s look at the numerical value for the phrase inside the Hanukiah which has 9 branches. The phrase inside the Hanukiah says “Happy festival of lights” & is spelled חג אורים שמח it also totals 616.

Now in between these words is the word for “at Hanukkah” spelled בהנוכה & has a value of 91 which is the same value of Malak which means Angel. Then the word above the 9 branched Hanukiah is התורה meaning “the Torah” & is also equal to 616! You can find the number 616 a total of three times within this Art-Peace & 616x3 is equal to 1848. In Tehillim72:17-19 & it says, May His (G-D) Name be forever, before the sun, His name shall be magnified, & the people will bless themselves with Him, all nations will praise Him. Blessed is the LORD G-D, the G-D of Israel, Who performs wonders alone. **Blessed is His glorious name forever, & His glory will fill the entire earth. Amen & amen.** This last verse that is highlighted in bold & is underlined also has a value of 1848 or 616x3.

Above the word for “the Torah” is the number 616 & then above this is a division symbol then comes the number 206 which is the numerical value of the word above it, which is the word דבר Dabar which means “word” in Hebrew. Then, you will notice the letter A inside of the middle letter which is the beginning to our speed of light calculation that we are about to go over. So “the Torah” התורה again equaling 616 going upwards divided over Dabar דבר meaning “word” equaling 206 is equal to that letter A which is the number 2.99. Then, above that is the scientific notation for the speed of light as A (2.99) x 10 to the 8th power is the speed of light in meters per second. What this shows us is that we can literally calculate the speed of light with “the word of G-D.”

Now the speed of light here is written between two words which is “Yahee Owr” יהי אור meaning let there be light & has a numerical value of 232. You will notice in between & above the two words “Yahee Owr” יהי אור at the very top is the “Divine Name of G-D” & it is written vertically having a numerical value of 26 & when you add the Divine Name of G-Ds at 26 to “let there be light” at 232 it is equal to 258! The same value of the word we began with written at the very bottom ירחם meaning mercy. So the very manifestation of G-Ds light is mercy.

May we Bless Adonai the King. May we Fear His Holy Name & Remember the Torah of His servant Moses. The Hebrew Alphabet is the Genetic Fabric of the Universe, the Holy Torah is the Mirrored Reflection of Pure Divine Will, (G-D) in the Cosmos, & may the Eternal Light of the Holy Torah fall like Rain upon the Earth. May this Art-Peace shed the Light & the Truth of the Holy Torah’s Sublime Wisdom upon all those who See it & Hear the Words therein, & may this Art spark Holy conversations that are pleasing to our KING, the Holy One, Blessed be He forever & ever Hallelu’Yah amen!
