

This Art-Peace is called “Purim” named after the book of Esther. The Divine Name of G-D is not mentioned in this book of Esther. However we know that His fingerprints are everywhere & all over His Creation. We just have to look for Him sincerely with all of our heart, with all our mind, & with all of our soul if we wish to find Him. Later we will take a look at where G-D is hiding within this Art-Peace. For now let us go over the main word which is Purim in the center in BIG letters spelled פּוּרִים. This word has a numerical value of 336 which is the same numerical value of the word מְרוֹמְמִי which means uplifted from Tehillim/Psalms 9:14 which says, Be gracious unto me, O Lord & see my affliction from my enemies, You who uplifted me from the gates of death. We know due to what is written that the Jews escaped the decree from Haman & indeed G-D did uplift the Jews from the gates of death & those that sought the death of the Jews had the tables turned on them & death came upon those who sought to kill the Jews.

Then reading toward the left we have the phrase יהי אור which means “let there be light.” Now there is a word written vertically hiding so to speak written in the middle of these two words. It is the Divine Name of G-D which has a numerical value of 26. Now why is this so important? Well when looking at the word יהי meaning “let there be” having a value of 25. Then going to the word for light אור which is spelled with the 1st letter, the 6th letter, then the 20th letter we see that its total placement value is 27. Now it is common knowledge that the number 26 is the only number in all of existence to fit directly between a square & a cube or 2 & 3 dimensions. Within this Art-Peace however we will be decoding these numbers 25, 26, & 27 into the Hebrew language to find something beautiful hiding in plain sight. Let’s see why the Divine Name of G-D is placed between these two words. With “let there be” at 25 which is the square of 5. Then 27 which is “light” & is the cube of 3. We see that the Divine Name of G-D which is 26 is the only number in all of existence to fit directly between a square & a cube & the very manifestation of light itself!

The word above the Name of G-D is Tov טוב & means “good” having a value of 17 & the first time this word is mentioned in the Holy Torah is in reference to light itself as G-D saw the light that is was good & when we add up the numerical value of all these words that we just went over, the total is 611 which is the same numerical value of the word “Torah.” Tehillim31:25 says, Strengthen yourselves, & He will give your heart courage, all who hope in the LORD. This passage too has a value of 611. There is a passage below the word Purim which is Yeshayahu/Isaiah43:15, I am the LORD, your Holy One, the Creator of Israel, your King. This verse has a value of 1457 & when we add it to all the words we just went over or 611 it comes to a total of 2068 which is the same numerical value as Esther 8:16, The Jews had light & joy, & gladness & honor.

Now when you add up the numerical values for all the letters within this Art-Peace you get a total of 2510 which is Esther9:32, Now Esther's order confirmed these matters of Purim & it was inscribed in the book.

May we Bless Adonai the King, May we Fear His Holy Name & Remember the Torah of His servant Moses. The Hebrew Alphabet is the Genetic Fabric of the Universe, the Holy Torah is the Mirrored Reflection of Pure Divine Will, (G-D) in the Cosmos, & may the Eternal Light of the Holy Torah fall like Rain upon the Earth. May this Art-Peace shed the Light & the Truth of the Holy Torah’s Sublime Wisdom upon all those who See it & Hear the Words therein, & may this Art spark Holy conversations that are pleasing to our KING, the Holy One, Blessed be He forever & ever Hallelu’Yah amen!
