

This Art-Peace is called "A Journey to the Promised Land". The Promised Land according to The Hebrew Bible is in the Land of Israel. All the way to the top left of this Art-Peace, reading vertically in Hebrew is the word Israel. Spelled in Hebrew here ישראל. If you count from the top letter down three letters you will see the Hebrew Letter "Reysh" ר on the left & right of this letter are two other letters. The "Aleph" א on the right, & the "Tzaddik" צ on the left forming the Hebrew word "Aretz" ארץ which means Land or Earth. So this word combination says "The Land of Israel", where the Land of Promise is located.

There are two Hebrew words all the way to the right, The big two letter word reading horizontal from right to left is the Hebrew word "Ner" נר meaning "Candle". The smaller three letter word reading vertical is "Amet" אמת which means "Truth". Now if you were on your Journey to the Promised Land wouldn't you want the lamp or "Candle" of "Truth" to find your way home to the the Land of Promise? I know I would! Now let's take a closer look at the word "Amet" אמת which again means "Truth". You will notice some triangles & squares on each of these three letters forming the word "Truth". The hidden meaning behind this is to connect "Truth" to the "Primordial Light at the Dawn of Creation".

You see, according to the Hebrew Bible, the Sun Moon & Stars were not created till the fourth day of Creation. This is the light we see when we look up at the heavens. However there was, is, & will forever be a light that came before this heavenly light of the Sun, Moon, & Stars. This is the light of the first day of creation & on the first day of creation light is said exactly five times & again this light supersedes the light of the Sun, Moon, & Stars because it was manifest before the light of the Sun, Moon, & Stars ever even existed. This is the "Primordial Light at the Dawn of Creation". Light in Hebrew is "Owr" אור and it has a numerical value of 207. If you take a look at the "Primordial Light" as a whole, light being mentioned five times on the first day of creation, the total would be $207 \times 5 = "1035"$. So what's the connection of this "Primordial Light" equaling "1035" to the Hebrew word for "Truth"? Well, let's make the connection between "Truth" & the "Primordial Light at the Dawn of Creation" using this Art-Peace.

"Amet" אמת is spelled using three Hebrew letters. The "first" letter in this word is the "1st" letter of the Hebrew Alphabet "Aleph" א. The "second" letter in this word is the "13th" letter in the Hebrew Alphabet "Mem" מ. The "third" letter in this word is the "22nd" letter of the Hebrew Alphabet "Tav" ת.

Now let's look at the letters & their corresponding numerical placement within the Hebrew Alphabet. This process is called Gematria in Hebrew & is a process that is used to look deeper into the meanings of words. Let us now complete this numerical analysis by looking at the triangles & squares on each of the letters or numbers which are "1" (Aleph), "13" (Mem), and "22" (Tav). "1" squared = "1", the "1st" triangular number is also "1". "13" squared = "169", the "13th" triangular number is "91". "22" squared = "484", the "22nd" triangular number is "253".

Now if you add "Aleph" or 1 + it's square 1, + it's triangle 1, you get "3". If you add "Mem" or 13 + it's square 169, + it's triangle 91, you get "273". If you add "Tav" or 22 + it's square 484, + it's triangle 253, you get "759". Let's now add up these three letters that form the word for "Truth" with their corresponding shapes we just went over. $3 + 273 + 759 = "1035"$ This shows us that the "Primordial Light at the Dawn of Creation" was built and established on "Truth" triangles and squares!
