

In this Art-Peace called “Shavuot” we will be discovering some things of astronomical proportions related to “Shavuot” or Pentecost which is the celebration of the receiving of the Holy Torah on Mt. Sinai & the speed of light. You see, on “Shavuot” Moses received the commandments then came the Holy Torah which is the pure word of G-D. The Holy Torah has 613 commandments. The word mountain in Hebrew has a numerical value of 205. We will be using these two numbers 613 & 205 to calculate the speed of light using this Art-Peace later.

So there is a BIG letter in this Art-Peace to the top right & it’s the letter Pey. It represents a mouth & means to speak. To the left of this letter is a small letter Dalet ד, which means a doorway & that’s what our mouth is. It’s a doorway to creation just as G-D spoke everything into existence, we are created in His Image & should watch what we say & talk about as the mouth is a doorway for creation, either for good or evil. Starting with that small Dalet ד, the next letter Tav ת reading from right to left forms one of the words for Law, Dat דת in the Hebrew language. It’s used in Devarim or Deuteronomy 33:2 when Moses proclaimed that “G-D came from Sinai showing forth from Paran coming with holy myriads from His right hand, which is a fiery “Law” for them”. This is what Moses said as he began his blessings to the children of Israel right before he died.

Starting from the Tav ת is the word תורה meaning “My Torah” which is the “fiery Law” for the children of Israel. Now from the ת up one letter you will see Aleph א. These two letters form את which is a preposition pointing to the direct object with is the light. It has no English equivalent. Then below this is האור written vertically which means “the light.” So Et Ha’Owr has a numerical value of 613 the same number of commandments in the Holy Torah so there is a direct correlation to the commandments & the very manifestation of the light as they have the same number 613.

Now for the number 205. Starting with the letter Hey ה from the word for “the light” to the right is the letter Reysh ר forming the word הר which means mountain. You’ll see the ten commandments between these two letters going into the ark of the covenant. So this word mountain has a numerical value of 205. Looking to the right the two clocks read a time of 6:13 & 2:05. Now “613” the number of commandments in the fiery Law, the Holy Torah & the numerical value of Et Ha’Owr את האור meaning “the light” divided over 205 which means mountain, and is equal to 2.99 which is the scientific notation for the speed of light in meters per second when multiplied by 10 to the 8th power.

So we can see using this Art-Peace that the fiery Law of 613 commandments given to the Prophet Moses & the children of Israel on the mountain which is 205 you get the speed of light!

May we Bless Adonai the King, May we Fear His Holy Name & Remember the Torah of His servant Moses. The Hebrew Alphabet is the Genetic Fabric of the Universe, the Holy Torah is the Mirrored Reflection of Pure Divine Will (G-D) in the Cosmos, & May the Eternal Light of the Holy Torah fall like Rain upon the Earth. May this Art-Peace shed the Light & the Truth of the Holy Torah’s Sublime Wisdom upon all those who See it & Hear the Words therein, & May this Art spark Holy conversations that are pleasing to our KING, the Holy One Blessed be He forever & ever Hallelu’Yah amen!
