

This Art-Peace is called “Encounter of the First Kind” we will be looking at some math on this Art-Peace to find the speed of light hidden inside it using the Holy Hebrew Language.

First let's look at the BIG letter Zayin ז all the way to the right which is the 7th letter in the alphabet. This letter represents a sword. You will notice that it is resting on a BIG triangle. What this is hinting at is the 7th triangular number which is 28 as  $1+2+3+4+5+6+7 = 28$ . Well, inside the top of the letter Zayin is the word כח which means power & potential. This has a numerical value of 28. Now, if you look behind כח you'll notice another triangle. What this is hinting at is the 28th triangular number which is 406 as  $1+2+3...+28 = 406$ . When looking toward the top left center, you'll see the word אני אני which means I AM. Below this, is the phrase El-Shaddai י-ד-ש + לא which means G-D Almighty. So all together this says “I AM G-D Almighty”. Now the phrase “I AM G-D Almighty” has a numerical value of 406, the triangle of 28, which again means power or potential & is the triangle of 7 or Zayin ז which is the sword. We know that a the Spirit is liken to a sword coming out of the mouth of G-D. When you add 7 + its triangle 28 + its triangle 406 you get a total of 441 which is a square number and it is 21 squared. 21 is the letter Sheen which represents a flame of fire & 441 is the numerical value for the word Amet which means Truth in Hebrew. So you see that the proclamation of “I AM G-D Almighty” (406) with this powerful (28) flaming sword (7) totaling 441 meaning truth.

When you look all the way to the left you will see the word מלכי which means “My King”. This is the proclamation we should be making that “G-D Almighty” is indeed our King! King here has a numerical value of 100 &  $100 + 441$  the previous sum is equal to 541, which is the numerical value for the word Israel.

Now embedded in these numbers you will see a question mark with a square root symbol & the number 4. This means you take the question mark to the 4th root. Then, you will see a multiply sign times 10 to the 5th power equalling C which is the scientific notation for the speed of light. Now how do we find out what the numerical value of the question mark so we can unravel the speed of light hidden inside this Art-Peace? So, next to אני אני which again means I AM is an equals sign equalling the letter A which is 61. At the bottom is י-ד-ש + לא again meaning “G-D Almighty” with an equals sign equalling the letter B which is 345. Now when you multiply A (61) times B (345) you will see an equal sign in the middle to the right of the X (multiply) sign is the a question mark which we now know is equal to 21,045 because  $61 \times 345$  is equal to 21,045. Then, when we take that to the 4th root it is equal to 1.86293 &  $1.86293 \times 10$  to the 5th power which gives you the scientific notation for the speed of light in miles per second exactly as it equals 186,293.

May we Bless Adonai the King, May we Fear His Holy Name & Remember the Torah of His servant Moses. The Hebrew Alphabet is the Genetic Fabric of the Universe, the Holy Torah is the Mirrored Reflection of Pure Divine Will (G-D) in the Cosmos, & May the Eternal Light of the Holy Torah fall like Rain upon the Earth. May this Art-Peace shed the Light & the Truth of the Holy Torah's Sublime Wisdom upon all those who See it & Hear the Words therein, & May this Art spark Holy conversations that are pleasing to our KING, the Holy One Blessed be He forever & ever Hallelu'Yah amen!
